

# Safe Sitter®

We are committed to providing a program that is high quality, medically accurate, developmentally appropriate, and that stays current with trends that impact young adolescent and families. *Safe Sitter®* is a course designed to teach safe and nurturing babysitting skills to young adolescents. Instruction includes how to deal with first aid problems, medical emergencies and how to rescue a choking child. Learn babysitting as a business, success on the job, child care essentials, organizational skills, safety habits and the importance of knowing when to call for help. A great course for your child to build Self-Confidence!
